Cheryl,

Although your 308 (and the internet) lists Plymouth, IL (Hancock County and therefore Eric Ackerman's region) as the city for PSG, Eric says that the facility is in Schulyer which is in Ginder's region. I spoke with Eric yesterday and he called Exemption 6 and spoke with her. He called me back afterward and although Exemption 6 said that they were land applying yesterday, she backed off that when she spoke with Eric, saying that she didn't know that for sure. Eric also called David and let him know about the concern.

Hi Exemption 6

I asked Joan Rogers contact IEPA to check it out. I am out of town for my kids Spring Break.

Sincerely,

Cheryl Burdett

Hi Cheryl

I just left you a voice mail on your office line to let you know that they are land applying at the Prairie State Gilts CAFO in Schuyler County.

I'm traveling right now and unfortunately did not bring my file with your cell number written down in it!

Anyway, It sounds like they just got started in a cornfield north of the facility today and so it's quite possible it could continue for the next day or so. Apparently it's very muddy out there, but they have been seen knifing the waste in.

Please do let me know if you get this message. I'll try to track down your cell number tomorrow if I don't hear back.

Thanks, Cheryl!

Exemption 6
